Terms & Conditions

The following terms will apply to all customer orders placed with World of Sport.

Pricing

Prices listed in the catalogue are in Australian dollars. Prices are correct at time of publication but are subject to change at the discretion of World of Sport. Up to date prices are available at www.wos.com.au where an online ordering system is available.

Products

World of Sport advises that product specifications and colours may change from that listed in this catalogue, due to ongoing product development. At times we may substitute an alternate product to that ordered. This will occur where the product has been discontinued or is expected to be unavailable for a long period. In the case of a substitution the product will be, in our opinion, of an equal or superior grade.

Freight

Freight will be charged on all shipments to cover cost of door to door delivery of your goods. Freight charge will be in line with that charged by our logistics partners. World of Sport will utilise your nominated carriers where specified. Freight estimates (except for international orders) are available by utilising our quotation facility at www.wos.com.au. Any freight quote obtained by using this system will be honoured.

Unfortunately, back orders will occur during the course of business. We deliver back ordered goods (with the exception of bulky items) free of charge.

International orders are subject to a special freight quotation, World of Sport will contact you with this quotation prior to dispatch of your order. World of Sport reserves the right to select the delivery method of all orders unless instructed otherwise at time of order placement.

Claims and Damaged Goods

Claims need to be advised to World of Sport within five working days of receipt of goods. Please contact World of Sport to advise nature of claim, if we agree to return of goods, a Return Authorisation Number will be issued. This number must be quoted on all parcels and paperwork in relation to claim. Please note that goods that have been marked or used will not be accepted for return.

Should you receive a damaged consignment, please note the damage on the consignment note presented by the courier, then advise World of Sport immediately.

Should you receive a consignment with a shortage please note the shortage and contact World of Sport to resolve the matter. All consignments dispatched from World of Sport are checked by two staff members and as such, shortages will be unusual. Please ensure that consignments are checked carefully prior to release of any items.

Social Commitment

World of Sport proudly supports the Yatra Foundation, Australia Yatra Foundation is a non-governmental, non-religious and not-for-profit organisation, established to provide disadvantaged children in India the opportunity to access quality education.

Why Yatra:

Childhood education in India is a state-by-state arrangement. Traditionally, there has been heavy investment in the tertiary sector resulting in vast inequalities in education standards. Education is recognised as a powerful tool for reducing poverty, unemployment and inequality and for improving health, nutrition and promoting sustained growth. Yatra Foundation seeks to effect an enduring change in the lives of children and their families by giving them the opportunity to access primary school education, with the hope that a good education will lead them to better opportunities.

Lawn Bowls

Henselite Dreamline XG Lawn Bowls Set

F 211780

The Dreamline XG is a superb all-round bowl. The key to its success is its density which creates maximum stability without compromising its comfort in the hand. This enhanced stability and its predictable line make it so versatile, it's at home on all surfaces from North to South and East to West, even in the windiest of conditions. The Dreamline XG is characterised by a constant arc with a holding finish to the head. It provides the ultimate in comfort, stability and consistency for all bowlers from social to competitive and elite level.

Jim Bradley Speedballs

Jim Bradley Leather Speedball

Universally recognised as the best speedball on the market and the result of many years research and development. This speedball is manufactured from hand picked garment leather to give a soft yet responsive hit. The true arc of the ball makes it the easiest to learn on and the quickest to use. Swivel (230472) not included.

Speedball Wall Frames

Jim Bradley 25cm speedball wall frame

K 230474

This Speedball wall frame board features a laminated finish that protects the ball and ensures an ultra smooth response. The wall frame is an integral part of the complete speedball set, whose importance is often overlooked. Inferior, thinner boards won't "rebound" immediately, but will move upwards fractionally when hit by the ball thus slowing the response time and detracting from the exercise. Complete with powder coated brackets, frames are available in short backed brackets for low ceilings and kit can also be waterproofed for external fitting. Ball not included.

Jim Bradley 40cm Speedball Wall Frame

L 230475

Same features as the 10" wallframe but with the advantage of accomodating either a 10" or 16" speedball. Ball not included.

25cm Adjustable Height Wall Frame

M 230476

Great design for situations where people of different heights wish to exercise on the same unit with one of our 25cm speedballs. Easily adjust to correct height and tighten locking pin. Price does not include speedball or swivel.

Bosu Ball Balance Trainer

B 310310

BOSU is an acronym for "both sides up". The BOSU Balance Trainer can be used with the platform side either up or down for different types of balance challenge. The solid platform is 25 inches in diameter and the dome should be inflated until it is firm. Two recessed handles on the bottom of and towards the sides on the platform make it easy to turn over or carry. This hybrid fitness product has its genesis in the field of medicine, as well as balance, functional and sports specific training. Neuromuscular physiology, which helps to define human movement, provides the science that backs this remarkably complete approach to training. The BOSU Balance Trainer offers a different means to make exercise more appealing and effective for average people, fitness enthusiasts and highly trained athletes.

Plyometrics

H 687753

Plyometrics provides instruction on assessment, selection, and sequencing of exercises for building the ideal program based on individual needs and goals. You'll also find nine sport-specific training regimens, including basketball, soccer, football, rugby, volleyball, and mixed martial arts.

Steps To Success - Weight Training

I 687785

Take the guesswork out of strength training and understand the details of proper technique, weight loads, and reps. The no-nonsense approach will develop through a thorough, progressive approach to strength training with either free weights or machines. Learn which exercises target what muscles and how to perform each one correctly and safely. Then determine the amount of weight and the number of repetitions and sets that you should lift in order to achieve your objectives. Finally, develop a workout and program that fit your interests and training preferences.

Modern Art of High Intensity Training

J 6877861

Featuring 40 exercises, 127 workouts, and a 15-week program, it offers a visually stunning presentation of all things high intensity. Along with covering the five principles of high intensity training, its eye-catching illustrations convey the strength, power, and beauty of the movements.

Exercise Technique Manual for Resistance Training

K 689660

Seventy resistance training exercises with step-by-step instructions, photos, and online video demonstration are explained. Every chapter contains a table that describes each exercises concentric action, predominant muscle groups, and muscles involved, enabling readers to understand the impact of the exercises on each body region.

Pro**Garmin Forerunner 235 Black**

C 574262

GPS Running Watch with Wrist-based Heart Rate. Tracks distance, pace, time, heart rate and more. Activity tracking counts daily steps, distance, calories and sleep. Elevate heart rate technology measures heart rate at the wrist 24/7, giving you the option to run without a strap. Its colorful gauge identifies your heart rate zone and beats per minute in real time. A built-in accelerometer captures distance and pace data when you're running on an indoor track or treadmill, with no need for a separate foot pod accessory. Once you're done running, it doubles as an activity tracker, counting your steps and calories throughout the day. It also reminds you to move after sitting for more than an hour. Compatible with GPS and GLONASS satellites to locate your position quickly and precisely.

Sensors**Polar Pro Chest Strap Black**

D

Polar Pro Strap works with all Polar heart rate sensors. With a soft textile material, slip-preventing silicone dots and a secure buckle, the strap is very comfortable to wear and stays in place even through your most intense workouts. The extra interference-preventing electrodes on the strap make it extremely sensitive to your heart's electrical signals, providing maximum precision for heart rate readings and eliminating interference.
